NOTICE RECOMMENDED OFF CAMPUS ACCOMMODATION FOR THE FEBRUARY TO JUNE 2019 SEMESTER

The Division of Student Affairs kindly advises all conventional students (Continuing and New students) that city campuses accommodation (**ZIMDEF and Mucheke Campus Garden Flats**) is now fully booked. As a result, the University has identified some decent off-campus houses, apartments and rooms to minimise the challenge. This type of accommodation is owned and managed by entities (landlords, real estate agencies, property management companies, etc.). Some of the provisions available include Wifi, bed & mattress, generator, water reservoir, curtaining and a care taker.

Students are therefore advised to choose their semester accommodation and start bookings.

NB: Please note that off campus accommodation rentals are payable only to the house owner. The payment method and procedure rests solely with the Landlord and the student. The University has no obligation to determine mode of payment.
